

Kings Leisure & Entertainment Safety Risk Assessment- Assault Course for Children and Adults

Hazard Area	Risk	Existing Controls	Likelihood	Severity	Risk Score	Further Action
Assault Course	Overenthusiastic participants	Responsible adult supervising at all times. Rocking the inflatable from side to side is not permitted under any circumstances.	2	1	1	Consider additional supervisees
Assault Course	Overloading/ tipping over	No user weighing over 90kg or 14 stone is permitted to use the equipment at any time.	1	5	5	None
Assault Course	Large and small participants colliding	Responsible adult supervising at all times	1	1	1	Participants grouped into similar sizes
Assault Course	Adverse Weather	Item will be switched off in heavy rain and is not permitted to run in strong winds as both these conditions can be deemed a health and safety risk.	Weather dependent	Weather dependent	Weather dependent	Consult Adverse weather policy
Assault Course	Injury on hard surfaces	The inflatable must never be mounted unless the inflatable bed is fully inflated whether the inflatable is in operation or not as this can lead to serious injury.	1	4	4	None
Assault Course	Tripping on anchorage and electrical cables	Anchor points used as per manufacturers instructions and spare equipment erected safely or stowed away. Where possible electrical cable does not cross any public pathway.	1	1	1	Prevent participants from running around the inflatables
Assault Course	Injury through lack of supervision	Do not permit groups of children to use the inflatable unsupervised by a responsible adult.	1	5	5	None
Assault Course	Risk of fire from generator	Blowers/generators are filled with fuel before delivery, units are fire retardant.	3	1	1	All spare fuel is stored in suitable marked container, and in a safe location, units switched off during re fuelling
Assault Course	Choking	No food drinks or chewing gum to be allowed on or near the Inflatable.	1	4	4	None
Assault Course	Injury from 3 rd party items	All shoes, glasses, jewellery, badges MUST be removed before using this Inflatable.	1	5	5	None
Assault Course	Danger from fire	No smoking or barbeques near the inflatables at any time	1	5	5	None
Assault Course	Danger from falling from height	Climbing, hanging or sitting on walls is DANGEROUS and must not be allowed at any time, All our beds have low walls for supervision purposes, this rule is exceptionally important when the inflatable is erected on hard surfaces	1	3	3	None
Assault Course	Emergencies	In the event that someone is seriously injured, DO NOT move the individual, leave the inflatable switched on and dial 999 immediately.	2	3	5	None
Assault Course	Injury through lack of inflatable pressure or suffocation	Do not allow anyone to be on or inside the Inflatable during inflation or deflation as this can be EXTREMELY DANGEROUS. The material is very heavy and could seriously injure a trapped child.	1	5	5	None
Assault Course	Injury from insecure anchorage	Never use this unit without proper anchorage in place, It may be blown over in certain wind conditions, If the inflatable unit is not anchored correctly please ensure you tell the erection team immediately	1	5	5	None
Assault Course	Injury from rope or netting	Rope or netting should be supervised to ensure participants do not become tangled. Supervisors should be alert at all times. Inform the company immediately if damage occurs to the inflatable which poses a health and safety risk to participants.	1	2	2	Safety checks are completed prior to each hire.
